Notice regarding accepting voters with certain disabilities:

"Pursuant to Section 63.0013, Election Code, an election officer may give voting order priority to individuals with a mobility problem that substantially impairs the person's ability to move around. A person assisting an individual with a mobility problem may also, at the individual's request, be given voting order priority. Disabilities and conditions that may qualify you for voting order priority include paralysis, lung disease, the use of portable oxygen, cardiac deficiency, severe limitation in the ability to walk due to arthritic, neurological, or orthopedic condition, wheelchair confinement, arthritis, foot disorder, the inability to walk 200 feet without stopping to rest, or use of a brace, cane, crutch, or other assistive device. Voters who wish to be given voting order priority, and be accepted for voting before others in line to vote at that polling place, may indicate this to any election officer serving at the polling place. The presiding election judge will determine whether the voter and the voter's assistant, if applicable, will be brought forward to the front of the line."
